

Hamilton Education Program Online Competition

Official Rules

Overview

The goal of the Hamilton Education Program Online (“**Program**”) is to provide teachers and legal guardians with the necessary resources to help students in grades 6–12 see the relevance of the Founding Era by using primary sources to create a creative piece (e.g., a rap, poem, dramatic scene), following the model used by Lin-Manuel Miranda to create the musical *Hamilton*. The Program is sponsored by the Gilder Lehrman Institute of American History (“**Sponsor**”)

Interested teachers and legal guardians have the opportunity to enter their students in a competition to win a trip to New York City to see a performance of *Hamilton*. Legal guardians do not have to be affiliated with a school to participate. However, students must be currently enrolled in grades 6–12 in the 50 United States, District of Columbia, Department of Defense Schools, and US Territories to participate in the National Lottery. For more information, please read the below rules.

Hamilton Education Program Online Competition Rules

Teachers and legal guardians (“**Entrants**”) participating in the Hamilton Education Program Online may submit up to five of their best student creative pieces in the Hamilton Education Program Online Competition (“**Competition**”).

Eligibility

The Competition is open to all teachers and legal guardians of students currently enrolled in grades 6–12 in the 50 United States, District of Columbia, Department of Defense Schools, and US Territories.

Employees of the Gilder Lehrman Institute of American History and *Hamilton* and members of their immediate family or persons living in the same household are not eligible for the Competition.

To participate in the Competition, Entrants will submit up to five of their best student creative pieces (“**Submission(s)**”), subject to the requirements below. Entrants are encouraged to submit a video recording of each piece. The Submission(s) should be based on the creative piece that the student(s) wrote during the implementation of the Program. For more information on the written creative piece and the implementation of the Program, please review the teacher and student guides.

The requirements for the Piece are as follows:

- Students may work in *groups of up to 3* to create the creative piece.
- If recorded, the Submission must be under 2 minutes long.
- If recorded, the Submission must be a performance by the students who researched and wrote the piece. The creative piece must not violate any party’s copyrights or trademark rights.

- Students must enter through a teacher or legal guardian who is at least 23 years old. Entrants are limited to making **5 submissions** per school year. It is up to the discretion of the Entrant to select the best student creative pieces for the Competition.

Any submission that fails to meet one or more of the requirements listed above will be ineligible for the Competition and will not be considered.

Criteria

Submissions will be judged on the following components as outlined in the Project Rubric in both the teacher and student guides:

- **Research:** The creative piece must be based on identified primary sources from the Hamilton Education Program Online website or found through independent research and show the students' understanding of a person, event, or document from the Founding Era.
- **Historical Integrity:** The creative piece must capture the meaning and message of the identified primary sources, although artistic license may be used to change certain facts or context.
- **Artistic Expression:** The creative piece must provide an original interpretation of the students' chosen topic through song, rhyme, or prose that conveys to the audience a clear, engaging message. It must be a unique expression of ideas that arises from the students' inventiveness and creativity in their choice of character or topic, their story-telling, their lyrics, rhyme, or prose, and/or their musical compositions. The student may not copy another work or violate any party's copyrights or trademark rights.

Competition Materials and Submission

All Submissions must be submitted using the online Application Form. First-time users of the site will be asked to create a profile before proceeding to the application form. Entrants will be asked to submit the following in the application form:

- The number of students in the Submission(s)
- The state where the student(s) reside(s)
- A copy of the text of the student creative piece
- The student performance video (OPTIONAL)

Once an application is submitted, it will be considered for the Competition subject to the rules and regulations outlined here. Should an Entrant choose to submit more than one Submission, they must complete the application form for each individual Submission. As a reminder, Entrants can submit up to five Submissions per school year.

The Application Form will open on **August 15, 2025** and close on **December 15, 2025**. The form can be found [here](#).

There is no purchase necessary to enter or win the Competition.

Selection Process

A panel of 3 to 5 qualified judges with knowledge of the expectations of the Program will review all Submissions against the criteria listed above and provide a score for each of the components on a scale of 1 to 5, with 5 being the best score, as fully outlined in the Project Rubric in the teacher and student guides. The scored Submissions will then be provided to a finalist committee composed of 3 to 5 qualified judges with knowledge of the expectations of the Program for final determination. Each year, **10** Submissions will be selected. The students who wrote in those 10 Submissions will be named **competition winners**.

In the event of a tie, the submissions will be returned to the panel for a vote to break the tie.

Submissions that are not awarded through the Competition may be considered for the Lottery at the Entrant's request. This request should be made by checking the box in the application form.
